Dr. Boryana Madzharova

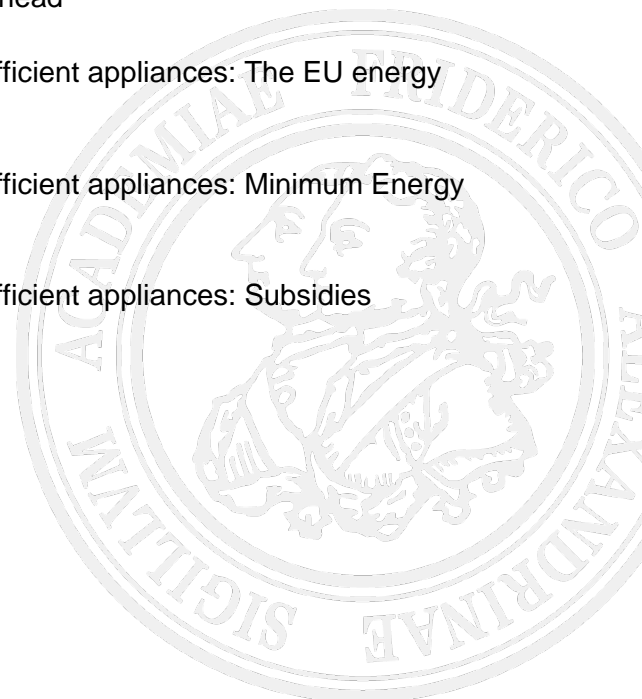

ANNOUNCEMENT FOR SUMMER TERM 2019

SEMINAR ON EUROPEAN INTEGRATION

“REVIEWING EUROPEAN ENERGY POLICIES”

The list of topics includes:

1. EU's Energy and climate policy: integration, goals, and way forward
2. EU's Emissions Trading System—origin, objectives and development.
3. EU's Emissions Trading System—the challenges ahead
4. EU's market transformation strategies for energy-efficient appliances: The EU energy label
5. EU's market transformation strategies for energy-efficient appliances: Minimum Energy Performance Standards (MEPS).
6. EU's market transformation strategies for energy-efficient appliances: Subsidies
7. EU energy security
8. Europe renewable energy policy
9. Fuel Taxation in Europe
10. Climate Policy and the EU Aviation Policy

CHOICE OF TOPIC AND TIMETABLE

- When registering for the course on StudOn, students choose three preferred topics from the list and note their preferences via the registration form provided on StudOn. **The registration deadline is extended to March 13.** The registration form must be sent to Orlando.Zaddach@fau.de.
- Based on the student's preferences, term paper topics are allocated to students by March 15. We will try to give each participant the preferred subject.
- Students are required to confirm their participation by March 18. A withdrawal from the seminar will then be no longer possible.
- All papers are due on April 26.
- The seminar takes place on Mai 9 and 10.

SEMINAR PAPER

The paper has to be submitted as a hard copy and as a pdf via e-mail to Orlando Zaddach (Orlando.Zaddach@fau.de).

The term paper should be about 12 Din A4 pages (formatted according to the chair specifications).

Please check the detailed guide for scientific work, which will help you in the preparation of your seminar work, before you start working on your seminar paper. You will find the guide on our homepage.

SEMINAR

The seminar will take place from Thursday, Mai 9, to Friday, Mai 10, at Burg Hoheneck, Ipsheim. If the number of participants is too small, the seminar will take place in the building of the department at Lange Gasse.

Each paper is presented in a 30-minute presentation. It is followed by a discussion round, where each student is asked to comment. The following general discussion deepens the topics and highlights particularly interesting aspects of the topic.

Except for a small fee (approx. 20 euros) the costs for the trip from Nuremberg (main station) to Ipsheim and back as well as for the accommodation and meals (except drinks) are fully covered by the chair. The participation fee has to be paid before the Seminar to Mrs. Andrea Wilhelm (LG 6.113).

The grading will be based on the quality of your term paper, your presentation and your participation in the discussions during the seminar.
